Unchanged/Revised up(down)(%)	14.7
Upside/downside (%)	37.3

### Key messages

On February 14, Thailand's Committee on Energy Policy Administration (CEPA) approved to adjust up the oil marketing margin for diesel from Bt1.40/liter to Bt2.00/liter; however, oil marketing margin for gasoline will be reduced to Bt2.00/liter. We are positive to this policy as retail oil service operators will benefit from a higher diesel oil marketing margin. We upgrade our 2023 target price for PTG to Bt19.50, from Bt17.00, based on 19.0x PE to reflect the earnings upgrade. Although we expect a poor 4Q22F performance with a net loss of Bt25mn, we reiterate a rating of Outperform on PTG thanks to i) expected oil marketing margin recovery from 1Q23 onwards, supported by no planned shutdowns of two Thai refineries like in 4Q22 and the government's allowance of wider oil marketing margin for diesel to Bt2.00/liter, and ii) total oil sales volume growth from the country's reopening. We add PTG to our portfolio of Energy top picks.

## Higher diesel oil marketing margin a game changer

### Event

Full-year earnings revised up and target price upgraded.

### Impact

#### Ministry of Energy raised oil marketing margin for diesel

On February 14, Thailand's Committee on Energy Policy Administration (CEPA) approved to adjust up the oil marketing margin for diesel from Bt1.40/liter to Bt2.00/liter, which is the normal level before the crisis arising from high energy prices last year. However, oil marketing margin for gasoline will be reduced to Bt2.00/liter. We are positive to this policy as retail oil service operators, especially PTG Energy (PTG.BK/PTG TB)\* and PTT Oil and Retail Business (OR.BK/OR TB)\*, will benefit from a higher diesel oil marketing margin, while the largest portion of total oil sales volume for both companies comes from diesel sales. Around 80% of PTG's total earnings are from retail oil service business, while around 70% of OR's are.

#### Adjust up our earnings estimate by 15% in 2023F

We upgrade our earnings projection by 15% to Bt1.7bn for 2023F as we revise up our assumption on PTG's oil marketing margin by 3% to Bt1.75/liter, staying at its normal level of Bt1.70-1.80/liter after the Ministry of Energy allowed retail oil service operators to raise oil marketing margin for diesel from Bt1.40/liter to Bt1.80/liter. We maintain the company's total oil sales volume growth at 8% YoY to 5,747mn liters in 2023F thanks to an upward trend in foreign tourists to Thailand, leading to larger domestic diesel and gasoline consumption. Note that KGI's tourism analyst forecasts 11.0mn foreign travelers to Thailand in 2022F, 25.0mn in 2023F, and 36.0mn in 2024F.

### Valuation & action

We upgrade our 2023 target price to Bt19.50, from Bt17.00, based on 19.0x PE to reflect the earnings upgrade. Although we expect a poor 4Q22F performance of a net loss of Bt25mn, we reiterate a rating of Outperform on PTG thanks to i) expected oil marketing margin recovery from 1Q23 onwards, supported by no planned shutdowns of two Thai refineries like in 4Q22 and the government's allowance of wider oil marketing margin for diesel to Bt2.00/liter, and ii) total oil sales volume growth from the country's reopening. We add PTG to our portfolio of Energy top picks.

### Risks

Volatility in oil marketing margin, oil sales volume, LPG sales volume, and biodiesel sales volume, and sales in Max Mart convenience stores.

**Figure 2: Company profile**

PTG Energy (PTG) sells diesel and gasoline products to customer through its oil service stations under the PT trademark, which is the company's core business. The company also holds a 40% stake in biodiesel production with 500,000LPD. In addition, the firm operates other businesses, which still have small contribution, such as convenience store in PT service stations, LPG, coffee beverage, and auto care & maintenance for automobiles and commercial trucks.

**Disclaimer:** The disclosure of the survey result of the Thai Institute of Directors Association ("IOD") regarding corporate governance is made pursuant to the policy of the Office of the Securities and Exchange Commission. The survey of the IOD is based on the information of a company listed on the Stock Exchange of Thailand and the Market for Alternative Investment disclosed to the public and able to be accessed by a general public investor. The result, therefore, is from the perspective of a third party. It is not an assessment of operation and is not based on inside information. The survey result is as of the date appearing in the Corporate Governance Report of Thai Listed Companies. As a result, the survey result may be changed after that date or when there is any change to the relevant information. Nevertheless, KGI Securities (Thailand) Public Company Limited (KGI) does not confirm, verify, or certify the accuracy and completeness of such survey result.

**Disclaimer:** The disclosure of the Anti-Corruption Progress Indicators of a listed company on the Stock Exchange of Thailand, which is assessed by the relevant institution as disclosed by the Office of the Securities and Exchange Commission, is made in order to comply with the policy and sustainable development plan for the listed companies. The relevant institution made this assessment based on the information received from the listed company, as stipulated in the form for the assessment of Anti-corruption which refers to the Annual Registration Statement (Form 56-1), Annual Report (Form 56-2), or other relevant documents or reports of such listed company. The assessment result is therefore made from the perspective of a third party. It is not an assessment of operation and is not based on any inside information. Since this assessment is only the assessment result as of the date appearing in the assessment result, it may be changed after that date or when there is any change to the relevant information. Nevertheless, KGI Securities (Thailand) Public Company Limited (KGI) does not confirm, verify, or certify the accuracy and completeness of the assessment result.

## KGI's Ratings

Rating	Definition
Outperform (OP)	The stock's excess return over the next twelve months is ranked in the top 40% of KGI's coverage universe in the related market (e.g. Taiwan)..
Neutral (N)	The stock's excess return over the next twelve months is ranked in the range between the top 40% and the bottom 40% of KGI's coverage universe in the related market (e.g. Taiwan)
Under perform (U)	The stock's excess return over the next twelve months is ranked in the bottom 40% of KGI's coverage universe in the related market (e.g. Taiwan).
Not Rated (NR)	The stock is not rated by KGI.
Restricted (R)	KGI policy and/or applicable law regulations preclude certain types of communications, including an investment recommendation, during the course of KGI's engagement in an investment banking transaction and in certain other circumstances.  Excess return = 12M target price/current price-
Note	When an analyst publishes a new report on a covered stock, we rank the stock's excess return with those of other stocks in KGI's coverage universe in the related market. We will assign a rating based on its ranking. If an analyst does not publish a new report on a covered stock, its rating will not be changed automatically.
